WE OFFER THE FOLLOWING BUSINESS PACKAGES:

1. STARTER BUSINESS

If you've just started a business and are frightened by your health and safety responsibilities. We shall take it a step at a time, working closely with you and your employee/s to implement an effective health and safety management system. We will ensure everyone knows how it works and who needs to do what and when.

If this is your situation, this package offers;

- Implementation of a health and safety management system, procedures and guidance documentation
- Health and safety advice availability (Monday to Friday 8am – 6pm and Saturdays 08am – 2pm)
- Comprehensive review and system improvements
- Audits
- Accident investigation
- Emergency Evacuation processes
- Provision of documentation
- Fire risk assessment
- Risk assessments and method statements
- Mentoring and training to give your business the support it needs to develop effectively
- A relationship with the same qualified consultant for the period of your contract

2. FAIRLY NEW BUSINESS

You are a few years in business and confident in your health and safety management system. But you're also aware of the danger of slip-ups. You need somebody to assess your health and safety management system bi-annually or annually.

If this is your situation, this package offers;

- Documentation review and revisions
- Fire risk assessment and procedures
- Co-ordinate certificate Training, training matrix & one to one mentoring
- Co-ordinate Surveys
- OHSAS 18001 auditing & action plans
- Assignment of Consultant
- Health and safety advice availability (Monday to Friday 8am – 6pm and Saturdays 08am – 2pm)

3. ESTABLISHED BUSINESS

You run a medium to large business and may be thinking of recruiting a full-time health and safety manager. Pause and ask if you need to go to that expense. Udlamko Safety can manage your arrangements at a portion of the cost of a salaried health and safety officer/manager. We will train
